Description

Lot for Sale ? Villa Verde Neighborhood

Area: 2,100 m²

Buildability: 630 m²

Located in the Villa Verde neighborhood, just a short distance from Lake Nahuel Huapi, this lot sits in an area experiencing significant urban expansion. It offers excellent accessibility and is close to the INVAP operations complex.

Its dimensions and current zoning regulations allow for a development of up to 630 m², making it a highly attractive option for residential or tourism projects, or other uses permitted under local regulations.

This property combines a strategic location and a privileged natural setting with significant potential for development and investment.
